CURES AND COMFORT FOR THE BED-RIDDEN.
—BY—
Holloway's Ointment.

This wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe-

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore Throats,
Bunions	Elephantiasis,	Skin Diseases
Bite of Moschetos	Fistulas,	Scurvy,
and Sand Flies,	Gout,	Sore Heads,
Coco-bay,	Glandular Swellings,	Tumours,
Chiego-foot,	Lumbago,	Ulcers,
Chilblains,	Piles,	Wounds,

THE GRAND PROMOTERS OF HEALTH.
HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for billious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertigo, dimness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend

For all debilitating disorders peculiar to the sex and every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy. While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion—Billious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula King's Evil
Asthma		
Billious Complaints	Fevers of all kinds	Sore Throats
Blotches on the Skin	Fits	Stone and Gravel
	Gout	Secondary Symptoms
Bowel Complaints	Headache	Tic Douloureux
Colics	Indigestion	
Constipation the Bowels	Inflammation	Tumours
	Jaundice	Ulcers
Consumption	Liver Complaints	Venereal Affections
Debility	Lumbago	
Dropsy	Piles	Worms of all kinds
Dysentery	Rheumatism	Weakness, from whatever cause
Erysipelas	Retention of Urine

AYER'S
Sarsaparilla
FOR PURIFYING THE BLOOD,

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

The New Pass.

We gave, a week ago, the characteristics of this new route to Kootenay and Big Bend, that is the line the road must eventually take, and the probable cost of making it; and to-day we shall direct attention to the many advantages which would result to the Colony if the project were immediately taken hold of, in order to secure its completion. The only objection hitherto raised by the Government authorities against a road over the Selkirk range is the altitude; that objection is soon disposed of. Mr Ward, after four years experience, finds that although these mountains are 3,000 feet high, they have never much snow upon them. Indeed at the short distance of 350 miles from the Saskatchewan territory he wintered his pack animals last season in only *one foot* of snow, about the usual fall in that region, which in the spring came out in excellent working condition. So that on these grounds there need be no objections raised. As to the expense, Mr. Ward must be right or wrong; but it is evident he has calculated the cost very closely, as he is prepared to contract at $400 a mile for the worst portion of the road. The advantages of this route lie in the fact that it opens a country which, although ours, has always been supplied principally by foreigners; that it would form as an adjunct of the main overland route a better line than that suggested by Dr Cheadle up the North Fork of the Thompson River; or if not associated hereafter with that undertaking it would immediately give great life and impetus to the Okenagan, Shuswap, Kamloops and Cache Creek farmers, and throw an immense trade into the hands of the Yale people, which would have in the end to be supplied principally from this city instead of Walla Walla and other American settlements on the Columbia. There can be no doubt of the advantage and necessity of the scheme if it can by any possible effort be undertaken. It is well known the farmers in the district mentioned, except perhaps Cache Creek, are in a deplorable condition, because they have no market for the immense crops their lands are capable of producing, and certainly the merchants of Yale and Victoria could very well, just now, stand the increase of business which Kootenay and Big Bend country would undoubtedly supply. But beyond all these considerations there are others of a national character, which ought to have their weight. It does not seem very creditable to us that our territory should be supplied by others rather than ourselves. If it will pay men in Walla Walla and elsewhere to supply goods, and keep steamboats on the Columbia to carry them, it will pay us; for if this road, as proposed by Mr. Ward, were built we could supply those people much cheaper than Americans do by the Columbia. The road from Yale to Savona's Ferry is always in good order; the Hudson Bay Co. have an excellent steamboat on the waters between that place and the end of navigation on the South Shuswap, where the road proposed by Mr. Ward commences, so that communication through our own territory would be quicker, safer and better than through the American. Then again, no doubt, a good proportion of the miners would go and return by our route, which would circulate a large sum of money through the interior and in this city. It might also be the means of inducing many men to settle on the splendid lands through which they would be passing continually, and in this way add immensely to our future prosperity. Altogether Mr. Ward's proposition is well worth the consideration of the Government, if by any possibility it can be carried out; and not the least recommendation is that it receives a thorough endorsement of the Press and people of the interior.

TO REMOVE IMPURE AIR FROM THE BOTTOM OF WELLS.—When carbonic acid has accumulated in the bottom of a well, (and this too often happens,) mix 50 or 60 pounds of lime in a bucket of water and pour little by little on the stones forming the edge of the well, then 20 or 25 pounds of quick lime are thrown into the water and from vapors which immediately ascend. After 24 hours a candle will burn clearly inside the well, which indicates the dissipation of the noxious gas.

This idea might be rendered useful in Cariboo and is worth trying in damp diggings. Eds. COL.]

Abyssinia.

THE STORMING OF MAGDALA. CAPTURE AND SUICIDE OF THEODORUS. APPEARANCE OF THE KING'S ARMY.

English special newspaper correspondence from Abyssinia, details the cannonade, storming, capture and destruction of Magdalla by Napier's army. The main points of each event have been already published but the following incidents, narrated by the British writers, are not without interest notwithstanding:

[Before Magdale, (April 13) Correspondence of London *Times*.]

THE CANNONADE AND ITS EFFECTS.

Magdala has been taken, and Theodorus, killed by his own hand, lies under the guard of a British sentinel in the last and strongest of his wondrous series of his strongholds. It would be affectation to pity a tyrant who himself knew no pity, who was unscrupulous and crafty as he was cruel, and who had indeed every reason to style himself the Scourge of God sent to punish the people.

Yesterday nothing was left to the imagination; the tragedy was forced in all its naked horror upon our revolted senses. A strange smell, for which there was no apparent cause, made some of our party look over the edge of a steep cliff almost within a few yards of the spot from which the guns were beginning to play upon Magdala, and there on a ledge about fifty feet below them, lay two large heaps of mangled human bodies, closely piled upon each other in ghastly confusion, their limbs protruding from the mass in all sorts of repulsive attitudes and contortions, and presenting altogether a scene of horror such as no pen could adequately describe, could any pen be found to undertake the task.

THE FORTRESS REDUCED.

[Magdala, (April 17) Correspondence of London *Times*.]

Magdala was burned this afternoon, and dense columns of flame and smoke from its lofty summits are still proclaiming far and wide to the wondering tribes of semisavage warriors who infest the surrounding country that the reign of their greatest enemy is at an end, and the crowning act of England's vengeance performed. The town itself was uninteresting, save from its accidental associations as the prison of our fellow countrymen and other Europeans, even for Abyssinia, a charge so grave that no man, it is to be hoped, would lightly bring it against any town calling itself Christian. It consisted of the ordinary collection of huts, most of them built of grass and wood, with thatched conical roofs, and did not boast even one building of exceptional beauty or importance. The church was one of the meanest and dirtiest that we have seen in Abyssinia, while the palace of the great Emperor Theodorus differed only from the many surrounding huts of his humblest subjects in being something larger two-storied and with a thatched roof, not conical but oblong, giving it much the appearance of an English barn, except that no decent English farmer would allow any animal that he valued to live in a building so dark, dirty and ill-ventilated. In the workshop of his European artisans, there were, of course, many signs of modern civilization, though nearly all of a practical, very few of a strictly ornamental or luxurious kind. Workmen's tools and huge glass tumblers, apparently of English make, seemed the principal articles of import, drinking being, next to fighting, the great business of a wealthy Abyssinian's life, and these mixed up with crosses, censors, mitres, bells—the spoils of Gondar churches—Ambaric Bibles, odd volumes of encyclopedias, foolscap paper, old match locks, pistols, swords, powder flasks and percussion caps, formed altogether as strange a jumble as it would be easy to find anywhere.

The 'loot,' on the whole, has rather disappointed the captors. Mr Holmes, for instance, who came out here as archæologist for the British Museum, and who has hitherto had a singularly disappointing and unfruitful journey, was lucky enough to rescue a handsome crown, probably an archbishop's, and a gold chalice, bearing the following inscription in Amharic:

The chalice of King Adam Segud, called Yasoo, the son of Queen Brahn Mogussa, presented to Kwoskwan Sanctuary (Gondar). May my body and soul be purified. Weight twenty five workkits of pure gold, value five hundred dollars. Made by Waldo Georgis.

The Emperor's own crown has also been found, and is, I believe, to be sent home to the Queen.

THEODORUS' LAST MOMENTS—DESERTION, AND SUICIDE—FINDING OF THE BODY AND ITS APPEARANCE.

I saw in the hands of an English soldier what, under the circumstances, was certainly a very singular and interesting bit of loot, a six barrelled revolver, with an inscription declaring that it was presented by the Queen to the Emperor Theodorus, in token of her gratitude for 'the kindness' shown by him to her servant Plowden. The soldier told me that he had seen five pistols with this inscription, and he had had a hard fight to get one for himself; but so far only one has been given up to the prize agents. It is not improbable with one of these very pistols—tokens of the British Queen's gratitude for kindness shown by him to her servant—that Theodorus shot himself at the approach of a British soldier, for there is no doubt that he did shoot himself. A soldier of the thirty-third swears that he witnessed the act, and what is more important, both the medical men on the committee appointed to identify the body and enquire into the cause of his death declared unhesitatingly that the fatal wound must have been self-inflicted. Twice his followers stood aloof from him in sullen, resentful disobedience when summoned to his side, and positively refused, when he invited them as the last chance to fly from Magdala, to accompany him and any longer share his fortune. Even his favorite and most distinguished chiefs, the very men who in the end remained faithful and died with him, seem to have wavered strangely between their old allegiance and their new born distrust.

Shortly afterward, Theodore and the chiefs retired within Magdala and there awaited the advance of the British. As the first soldiers appeared above the stockade the chiefs were shot down, but Theodore, who had already dropped his royal robes of silk to escape observation, fled from the gateway to a retired spot higher up the citadel, and there shot himself, putting his pistol into his mouth. From the plainness of his dress the body was not at first recognized, but as soon as it was identified, and upon the approach of Sir Robert Napier, drew forth into the principal pathway, an involuntary cheer burst forth from the soldiers around. Such a cheer over the body of a fallen foe rather jarred up their nerves, but still it was natural and pardonable enough, for at bottom it meant, not exultation over the death of an enemy, but delight at the sudden discovery beyond all doubt that the last object of a tedious campaign had been accomplished, and that there was nothing to prevent Napier from turning his face in triumph home. Theodore's escape was dreaded up to the last moment as the possible source of further detention in Abyssinia, and the soldiers would have been more than human if they had repressed the first outburst of joy at discovering that from this dreaded evil they were now safe.

Theodorus' body was found, not near those of his chiefs in the gateway, but alone on the hill above. After sending you a telegram to say that he had killed himself, I heard that the Commander-in-Chief had telegraphed home that he was killed in battle, and this now seems to be the belief of those who are perhaps likely to know best. His face seemed to me rather a disappointed one after all that has been said about it, but then it was impossible to judge properly after death, especially as the eye was said to be, from its fire and expression, the most remarkable feature. There was a look of bloated, sensual indulgence about the cheeks by no means heroic or kingly, but the forehead was intellectual and the mouth singularly determined and cruel. A very strange smile still lingered about the lips, as if even in the death throe his last thought had been one of triumph at having baulked his conquerors by dying.

Report of the Directors of the Bank of British Columbia,

(Incorporated by Royal Charter)

To the Proprietors at the General Meeting to be held at the London Tavern, on TUESDAY, 12th MAY, 1868, at Twelve o'clock precisely.

THE DIRECTORS IN SUBMITTING THEIR HALF-YEARLY STATEMENT of Accounts, have to report that after paying all charges, and deducting rebate of interest on Bills not due, the Balance at credit of Profit and Loss Account on 31st December last was £10,549 14s. 1d., a considerable increase upon the previous half-year. This increase has been steady and progressive throughout the year, each quarter showing an improvement upon the preceding one. The conservative policy indicated in the last Report of the Directors has been maintained at all the Branches, and the Board are happy to be able to state that so far as they are aware no transaction involving loss, or in their opinion likely to result in loss, has been entered into during the past twelvemonth.

But while the Board are thus enabled to give a satisfactory account of the prospects of the Bank generally, of the half year's working, they regret to state that the estimate of the losses which occurred in 1866, has been found to be deficient, arising mainly from the failure of two of the largest debtors (a failure which was not, antici-

of Reserve Fund amounting to £20,000, and the Board believe that a further sum of £25,000 will cover all deficiencies. Under these circumstances the Directors cannot recommend the payment of a Dividend for the half-year, but propose that the profit of the half-year be applied in part liquidation of the losses, leaving the balance of bad debts to be dealt with from time to time as the result of the business of the Bank may warrant.

The Directors have the satisfaction of stating that the San Francisco and Portland Branches continue to make good progress, and that in British Columbia the prospects of the Colony are brightening, especially at the mines, where new gold fields have been discovered and are being profitably worked.

The financial position of the Bank continues to be very strong, as will be seen by the accompanying Accounts.

The Directors have appointed as Inspector of Branches, Mr ALEXANDER WATSON, a gentleman who has had long experience in the Colony, first in connexion with one of the Banks, and latterly as Colonial Treasurer of Vancouver Island.

The Directors regret to have to announce the death of their esteemed colleague, Mr FRASER.

The retiring Directors are Mr MACKEAN and Mr KAY, the former of whom being eligible, offers himself for re-election.

The Shareholders will also have to elect Auditors for the ensuing year.

By Order of the Court,
HENRY ED. RANSOM,
General Manager.

The Concert.

Owing to the late hour at which this entertainment closed on Wednesday night, we were unable to make any remarks upon the performance. So far as the selection of music, and its execution is concerned, there is little to find fault with. The opening overture by the Zealous band was well performed, and received with the marked approbation to which it was entitled. The Gipsy chorus by the Choral Society, numbering sixteen voices, was given without accompaniment, and though sung well, was not quite correct in time, or so creditable as the choruses which followed. Mr White, in his solo, The Troubadour, displayed an agreeable tenor voice, but like many young performers in public, wants animation. The quartette 'Stars of Summer's Night,' by gentlemen of St. John's Choir principally, although a little gem might have been better sung; it was evidently the result of carelessness. The duett 'Se O'Cara,' by Miss Needham and Miss Pitts may, perhaps, claim the palm of the evening. The musical abilities of these young ladies was again shown in Miss Needham's solo from Der Freischutz with Miss Pitts at the piano. On both occasions they received applause and encores. Mrs Kent, in the ballad, 'See yon Rose so sweetly blooming,' sang most charmingly and in the encore of 'Home Sweet Home,' sustained her reputation and well-earned popularity. Mr Roberts, Zealous Band, in his cornet solo was applauded. The duett 'The Flight of the Swallow,' Mrs Rhodes and Miss Pitts, a charming little piece, was finely rendered, and earned a well-merited encore. The Piano solo 'Lucia de Lammermoor,' by Miss Pitts, was a great success and justly encored. The chorus 'The Nightingale,' by the Society, without accompaniment, was admirably given, and shows the proficiency they have attained. The second overture by the Zealous Band gave great satisfaction and was handsomely acknowledged by the audience. The chorus 'Hear Holy Power,' from Masaniello, by the Society, was not as good as some of the others. The piano solo, Scherzo, by Mrs Blum, was a performance of great merit, and fully appreciated. We believe this was the first appearance of this lady, who did full justice to her abilities, and became at once a popular favorite. We have already spoken of Miss Needham's solo from Der Freischutz, but in the encore 'Molly Asthore,' she showed a good conception of pathetic ballads, and was again the recipient of applause and some beautiful bouquets. The quartett 'A Te O'Cara,' Mrs Rhodes, Miss Needham and Messrs Guillod & Wilson, received ample justice; but much of the fine execution of the ladies, and the unity of the piece was marred by the want of animation in the gentlemen. The quartette 'Good Night, Beloved,' by gentlemen, was much better rendered than 'Stars of Summer Night,' and showed what they are capable of doing. The solo 'We met by Chance,' by Mrs Garesche, appeared almost the triumph of the evening, being honored with no less than three encores. Mrs Garasche has a fine, pure, powerful voice, and her singing fully deserved the rapturous applause it drew forth. The last chorus, 'The Lark,' by the Society, one of Mendelssoha's charming little things, was certainly their best performance and most appreciated by the audience, who generously, even though late, gave it an encore. The National Anthem closed the performance, but it was made too long. In every respect the occasion was a success, and St. John's Choral Society, formed principally by members of the Choir of St. John's Church, although of recent origin, may now be considered one of our institutions. It is to be hoped it will be carefully fostered; for as an agent of charitable objects and laudable purposes, and as a school for the cultivation of a good standard of music is one might it may be the means of accomplishing much good. Whenever the Society appear again we hope to have the pleasure of recording a similar success. The only professional taking part in the proceedings was Mr Digby Palmer, who presided at the piano, when not occupied by amateurs. Mr J J Austin, the leader of St. John's Choir, was the very efficient conductor of the evening's entertainment.

AGRICULTURAL EXHIBITION AT NEW WESTMINSTER.—The New Westminster District Agricultural Society have decided upon holding their exhibition during the first week in October. All will be allowed to exhibit, but only subscribing members will be eligible to compete for prizes. Any of the products of the Colony may be exhibited, viz., cereals, roots and vegetables, horticultural products, fruits, butter, cheese, eggs, fowl, fish in barrels, fish oil, turpentine, lard, bacon and hams, pickles, jams, ales, spirits, cider, mineral specimens, needle work, Indian manufacture and curiosities, flax, &c.

'RELICS OF A VERY OLD WRECK.'—A friend writes us concerning this:—'The wreck mentioned in your paper this morning, from which a quantity of bees wax has been recovered, was, I believe, a Japanese junk which had been driven out to sea by stress of weather and eventually wrecked on the coast of Oregon. I have heard these facts spoken of among the Hudson Bay Co's people a long time since, and also that they used to trade with the Indians for a number of articles of Japanese manufacture.'

CONSECRATION.—The new burying ground set apart for the interment of naval seamen at Esquimalt, will be consecrated by the Bishop of Columbia on Tuesday or Wednesday next.

COURT MARTIAL.—A Court-martial was held yesterday on board H M S Zealous, at Esquimalt, on one of the engineers, who was found guilty of a second offence of drunkenness. He was dismissed the service.

Celebration of Dominion Day at Yale.

[From the Examiner.]

The first anniversary of the Dominion of Canada was celebrated in Yale with great enthusiasm. On Wednesday morning all the batteries in town gave salutes, also at noon and sunset. At nine o'clock, about forty persons were seated to a grand dinner at the Colonial Hotel. Among those present were: Hon. P. O'Reilly, W H Sutton, J G McKay, Dr Chisholm, and "our able representative," the Hon. F J Barnard. Dr Brouse presided as chairman. The following was the list of toasts duly honored. After each toast an appropriate song was given. Mr James Robson presided at the harmonium, with much ability. 'The Queen and Royal Family.' National Anthem, by the Dominion Glee Club. 'The Day we Celebrate.' Responded to by Hon F J Barnard, whose speech elicited much laughter and applause. The Glee Club then sang the following composition taken from the Cariboo *Sentinel*.

ANTHEM FOR THE DOMINION OF CANADA.

God bless our native land,
Our own Dominion land,
God bless our land.
May she united be,
Emblem of purity;
God bless our land.

May she be leal and true,
Mother-land, dear to you,
In weal or woe;
Till a vast nation grown,
Ably to hold her own;
Supporting the ancient throne
'Gainst every foe.

May all her laws be just,
And all her pow'rs the trust
Of great and small.
Then shall the nations see
A kingdom of liberty,
And the Great God shall be
Her fort and wall.

'The Governor of British Columbia.' Song, 'For he's a Jolly Good Fellow;' 'The Land We Live in.' Responded to by Robt. Smith, Esq., ex-M L C, whose allusions to the action of the late Legislative Council anent Confederation drew loud and long-continued laughter and hearty applause. 'Our American Cousins;' 'Our Popular Magistrate;' 'The Army and Navy;' 'Our Able Representative.' Mr Barnard replied, deprecating the compliment and regretting the futility of his efforts in promoting the objects his election had in view. Song, 'For He's a Jolly Good Fellow; The Ladies;' 'The Press;' 'Our Host and Hostess.' Then followed a number of songs and volunteer toasts. The festivity was continued until long after midnight.

Naval.—It is not unlikely that the Zealous will leave for the Mexican coast on the receipt of particulars relative to the blockade of Mazatlan. It is believed the captain of the Chanticleer has exceeded instructions in the matter. The blockade of a port LOW a days is a serious affair. The Scout will leave for Alberni on Thursday next. The Bishop of Columbia will go down to establish a mission there amongst the natives.

STABBED.—One of the bandsmen on board the Zealous was stabbed at Esquimalt on Tuesday evening after the sports on that day. It appears there is a sort of jealousy existing between the men, some of whom are Germans. The man who was hurt—badly gashed in the back of the neck with a knife—is an Englishman, but it is thought will get over the wound. The other, a German, is under arrest, and will probably be Court-martialled.

IT is a puzzle to many people why such a quantity of stones are allowed to remain on our public streets to the annoyance and injury of men and animals having to traverse the roads. Could they not be gathered together and utilized in some way? If not the streets would be better and look better if they were removed.

THE steamer Anderson did not leave for the Sound until noon yesterday in consequence of the strong wind she would have to encounter during the Straits.

FOR THE NORTH. — The Sparrowhawk sailed yesterday morning for the north, and will inquire into the recent Indian troubles.

A CHEESE was recently on exhibition in New York which weighed 7,000 pounds, and contained the substance of 96 tons of milk, equal to one milking of 7,000 cows, Its dimensions are: Diameter 6 feet 10 inches: thickness 3 feet, and circumference 21 feet.

THE difference between Whittier's new poem and a Massachusetts school marm is, that while one is "The Tent on the Beach," the other is bent on the teach.

FASHIONABLE dresses are short—so are fashionable husbands who pay for them.

HOLLOWAY'S OINTMENT AND PILLS.—Unsolicited Testimony,—Mr. Rippon, Hairdresser of Exeter, in a letter dated July 1st, 1862. Writes: "My wife had been a great sufferer for several years from bad legs. After trying many different applications for months together to no purpose, a lady strongly recommended your medicament, and I do assure you we feel most thankful to her and yourself for the perfect cure they have effected. My wife is now able to take a walk of four or five miles with comfort. You may publish this letter, and I only hope it may be the means of inducing other sufferers to use your admirable remedies, which have proved a blessing indeed to us." Such testimonials are indisputable." 44

Sixth Ballot—English 6; Hancock 47; Pendleton 122½; Parker 13; Church 33; Packer 27; Johnson 21; Doolittle 12; Hendricks 30; Blair 5.

Convention then adjourned to 10 a. m. to-morrow.

Europe.

PARIS, July 4th—In the Corps Legislatiff the discussion on the Budget of War continues. Minister Rouher replied, that on this question attacks the opposition which characterized as an attempt against the Empire were reckoned only worthy of scorn. A strong army he declared was a pledge of peace. By her acts, France was to preserve peace and independence, but all nations must ever be prepared for the contengency of war. France had not kindred design, but could not consent to disarm, for no confidence could be placed in the fraternity of nations.

Rouher, in a subsequent speech in closing the debate, said the Emperor's Government accepted the idea of German unity and recognized the rights of nationalities. The only war possible for France was one of defence of her territory, honor or self reliance.

It is reported that a furlough will be granted to all the rank and file of the 4th Corps de Armee.

BELGRADE, July 4—Prince Milan was today consecrated and anointed at the cathedral with imposing religious and military ceremonies.

VIENNA, July 4—The Austrian Government has commenced disarmament by issuing leaves of absence to 34,000 soldiers. Minister Beust has replied to the recent allocution of the Pope on the State religion in Austria. His reply is not yet made public.

DELAYED DISPATCHES.

Europe.

VIENNA, June 24.—The Reichsrath has adjourned to November 1st. Before the adjournment the Prime Minister assured the members that the threats of bishops would not hinder the enforcement by government of the law in regard to the confessional.

WORMS, June 24.—Extensive preparations are being made for the coming celebration of the Reformation. All protestant denominations will unite in the celebration. Crowds of foreigners, a majority of which are Americans, arrive in the city by every train.

SOUTHAMPTON, June 24—Farragut's squadron has arrived off Cowes.

Mexico.

NEW YORK, June 27—Vera Cruz dates to the 20th, state that De Castor, Minister of Justice, has insisted on resigning.

Maresal, formerly Secretary of Legation at Washington, has been installed as Judge of the Supreme Court, Rivera was foiled by forces sent against him.

NEW YORK, June 28—The Santiago De Cuba, from Aspinwall, has arrived. The *Herald's* correspondence from Mexico, of date of the 15th, states that Juarez has remained firm in his refusal to change his Cabinet. Romero has been ordered from Washington. The English bondholders had been informed that their negotiations with Maximilian annulled all negotiations on the part of Mexico. There is no cordiality between the American Legation and Juarez, owing to the protection of the Europeans in the American Consulate.

Olattaie will command an expedition against the Pueblo insergents.

Hayti advices state that the peasants on the plains are all armed and declared in favor of Salnave.

The American Minister has detained the Penobscot until the arrival of Consul Cook.

West Indies.

NEW YORK, June 25—Venezuela advices of May 27th state that Gen. Gill, with thirty troops, was killed in a recent battle in Caro. Gen. Maengaz was before the gates of Caraccas demanding the unconditional surrender of the town.

Nassau dates of the 29th state that business is stagnant. Failures are numerous and starvation cases are frequent.

A Havana letter states that an American brig has been compelled to pay $2 duty per ton on her cargo, instead of the usual rate—fifty cents. The American Consul has laid the case before the State Department at Washington.

California.

SAN FRANCISCO, June 25—The Eureka building on Pine street was set on fire in three places by incendiaries, this morning. No damage done.

The Coldock benefit last evening was the most brilliant ovation which has been extended to an artist in this city for years.

Yesterday, Dr Lohr, editor of the *Democrat*, was surprised by a committee of his countrymen, who presented him with a beautiful horse and buggy. The gift was accompanied by an appropriate letter complimenting the Doctor for his able and zealous effort in the field of journalism and for his advancement of the interests of the German residents of San Francisco.

Eastern States.

WASHINGTON, June 24—In the Senate, Howard introduced a bill proving for the discontinuance of the Freedmen's Bureau. Referred.

Conness called up the bill making eight hours a day's work for laborers and mechanics in the Government employ.

Sherman moved a proviso that unless otherwise provided by law, the rate of wages paid by the Government shall be the current rate for the same labor at the place of employment. Rejected by 21 to 16. The bill passed by 26 to 11.

The special order, the legislative appropriation bill, was taken up and discussed until the time of adjournment, which was ordered to continue till ten o'clock tomorrow, on account of Senator Henderson's wedding.

In the House, Schofield, from the committee on elections, reported that the credentials of the Arkansas Representatives were in proper form, with a resolution directing the administration of the oath of office.

Brooks presented a protest.

Schofield's resolution was adopted by 101 to 27, and the Arkansas members were sworn in.

The protest presented by Brooks is signed by all the Democratic members. It is quite lengthy and styles the Government of Arkansas, "a military oligarchy." It protests against going into a new co-partnership with the military dictators and negroes in the administration of the Government; demands restoration, not reconstruction, of the Federal Constitution which they declare Congress is seeking to overthrow.

BURLINGTON, July 1.—The Republican State Convention yesterday renominated all the present incumbents of State offices.

NEW ORLEANS, July 1.—This morning before the hour of assembling the Legislature, a section of artillery and a squadron of cavalry, prepared for service, occupied Lafayette square. No one was allowed to approach who could not give a good account for his presence there. Two members of General Buchanan's staff were also present. Appearances indicated that trouble was expected. The Senate met at noon. The committee to whom Gen. Buchanan's order was referred yesterday reported they were of the opinion that the action of the presiding officer requiring the members to take the test oath should be fully sustained, but due respect to the General commanding the armies of the United States, induced the committee to recommend the discontinuance of the test oath hereafter, and that members be allowed to qualify in accordance with the constitution of the State. After discussion the report was adopted. Fifteen Democratic Senators then took the oath. The Committee of Election was discharged, that a new one might be appointed in which the Democrats should be represented.

The House proceedings were of a similar nature, but showed more opposition to dispense with the test oaths. Only the names of those who had previously taken the test oath were called, on assembling.

It is authoritatively stated that the application for the presence of Military was made by two Democratic Senators elect.

CHICAGO, July 2.—The Michigan Republican Convention yesterday, nominated H. P. Baldwin of Detroit, for Governor and Morgan Bales for Lieut Governor.

JACKSON, (Miss.) July 1—Forty-seven counties give a majority against the new Constitution of nearly 14,000.

WASHINGTON, July 1—An order has been issued to-day, relieving Gen. McDowell of the command of the Fourth District and assigning Gen Gillem to the command. Gen McDowell has been ordered to report to the War Department immediately.

The Senate confirmed T Miller, Associate Justice of Idaho, and rejected Jas Hubbell, Minister to Ecuador, A J Moulder, Surveyor General of California, and Henry Beckwith, Superintendent of the Branch Mint at San Francisco.

The Reconstruction Committee have agreed to report a bill to divide Texas into three States instead of two.

ST LOUIS, July 2—The steamer Sam Gaty bound for Omaha, struck a snag near Arrow Rock. The lamps were upset and burned the boat to the water's edge. The boat and cargo were a total loss.

NEW YORK, July 1—The steamer Arizona to-day took 30 tons railroad iron, the first shipment of the kind by steamer.

The Saengerfest in the German Schutzen fest commenced yesterday morning. There were nearly sixty thousand people present.

LIQ. CARBONIS DETERGENS— We are very sceptical of the value of new remedies, and it was in a spirit of scepticism that we tried the liq. carbonis detergens. It is represented ... dients of the tar, to wit, benzine, napthaline, and phenic acid. The addition of water, with agitation, makes a durable emulsion, in which the tar remains in a state of fine suspension, almost equivalent to solution. Our therapeutical experience of the preparation is very satisfactory indeed. In our hands it has been a most effective agent in the case of various skin diseases, especially of the chronic eczematous class; and one case of psoriasis which had resisted all other kinds of treatment speedily got well under the application of the liq. carbonis detergens. We esteem it a very valuable addition to our list of skin remedies, and worthy of a very extended trial by the profession. In the above classes of disease, and in various others, such as fetid ulcers, etc., the preparation is put into the form of soap.

TO THE UNFORTUNATE

NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR Commercial, San Francisco, Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms ... cases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield; St. Luke's, Old street; St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portugal street.

DR. GIBBON has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes; pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Of those who contemplate marriage, who are suffering ... sacred responsibility resting upon them nor delay to obtain immediate relief.

DR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing $15 in currency or $10 in coin, in a registered letter through the Post office or through Wells Fargo & Co., a package of medicine will be forwarded by express to any part of the Union.

Address Dr J. F. Gibbon, 616 Kearney street, corner ... BOX ... Consultations FREE.

Correspondents will please inform Dr Gibbon that they read his advertisement in the British Colonist.

SIXTH INDUSTRIAL EXHIBITION

—OF—

The Mechanics' Institute,

SAN FRANCISCO, CALIFORNIA.

THE BOARD OF DIRECTORS OF the Mechanics' Institute hereby give notice that the Sixth Industrial Exhibition of that Association will be held some time in August next, in a building to be erected for the purpose in Union Square in this city. Every preparation will be made to accommodate exhibitors and visitors with a view to make the Exhibition profitable, instructive and pleasant to all parties.

During the three years which have intervened since the holding of the last Exhibition in this city the manufacturing, mechanical, scientific and useful and ornamental arts have made unprecedented progress on this coast, and it is believed that the proposed Exhibition will exceed any other in value that has ever been held on the shores of the Pacific.

The plan of building to be erected, which has been adopted by the Board of Directors, it is believed will prove to be the best adapted, both for display and convenience of the public, of any building ever erected in the State. The building will be perfectly water tight, being covered with a shingle roof, so that no damage from the elements can be anticipated.

All parties who are interested in any of the branches of Manufactures, Mechanics, or the Arts and Sciences are invited to exhibit in the proposed Exhibition, and to share in the publicity and consequent profit which always attends such enterprises. Suitable premiums will be offered, and the specific date of opening the Exhibition will be published at some future time.

By order of the Board of Directors.

Medical.

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon,

PARIS.

THESE different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medical men, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil, and has been found most beneficial in **Diseases of the Chest, Scrofula, Lymphatic** ... **and Loss of Appetite.** It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in **Diseases o the Skin.** Further, it will be found to be of great benefit to young children subject to **Humors and Obstructions of the Glands.**

CONSUMPTION CURED!

Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of **Phthisis** and other **Diseases of the Lungs.** It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of **Grimault & Co.** is affixed to the bottle, as this Syrup is liable to imitations.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURIN DU BUISSON'S

(Laureate of the Paris Imperial Academy of Medicine

DIGESTIVE LOZENGES

This delicious preparation is always prescribed by the most reputed medical men in France in cases of derangements of the digestive organs, such as

Gastritis,
Gastralgia,
Long and Laborious Digestion,
Wind in the Stomach and Bowels,
Emaciation,
Jaundice, and
Complaints of the Liver & Loins

NERVOUS HEADACHE,
NEURALGIA,
DIARRHŒA, DYSENTERY,
INSTANTLY CURED BY

Grimault's Guarana.

This vegetable substance, which grows in the Brazils has been employed since time immemorial to cure **Inflammation of the Bowels.** It has proved to be of the greatest service in cases of **Cholera,** as it is a preventive and a cure in cases of Diarrhœa.

NO MORE COPAIBA OR CUBEBS!

Grimault's Capsules and Liquid Extract of Matico Vegitalis.

Where all other preparations have failed these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris, by the celebrated Dr Ricard, and found greatly superior to all hitherto known mineral remedies and Copabia and Cubebs. The injection is used in recent, and capsules more chronic cases.
